

SCRAM GPS®

The best tracking device meets the best reporting software

SCRAM GPS Maximizes Performance

Patented Strap Design

- Unique design virtually eliminates false open strap alerts and intermittent strap disruptions

SCRAM GPS Beacon

- Optional beacon maximizes performance
- Reduces communication and location alerts, extends battery life
- Ideal for clients in apartments or areas with limited cellular communication

On-Body Charger

- Doubles SCRAM GPS battery life
- Charges on-the-go in approximately 2 hours

SCRAM GPS Key Features

- Unique strap design reduces alert workload
- 30-second, tool free installation
- Variable range and window leave settings
- On-Demand Pursuit Mode with GPS points every 15 seconds to aid in apprehension
- Long battery life minimizes low battery alerts
- On-board zone storage
- 2-Way client communication
- Industry-leading battery life even on the most aggressive rate plan

Pattern of Life Mapping With SCRAM GPS

Quickly identify a client's exact location and puts client movements into context with integrated Google Maps and Google Info windows.

SCRAM Optix™

- **Manage all SCRAM Systems clients**, on every technology, through a single login on our integrated platform.
- **The dashboard automatically prioritizes your caseload** based on urgency status.
- **Easy, one-click access** to notes, mapping, alert actions, and client information.
- **Simplifies data management** of even the largest caseloads.
- **Integrated, simple, customized reporting** graphically illustrates key program metrics.
- **Data accessible on-the-go** from any computer, tablet, or smart phone with an Internet connection.

SCRAM GPS Analytics

- **Quickly make sense of thousands of data points** in order to visually see a client's travel patterns.
- **See specific locations visited by a client**, easily distinguish travel patterns, and identify unknown locations with integrated Google Maps.

SCRAM Ally™ Mobile App

Works in conjunction with SCRAM GPS to notify a victim and the supervising agents when a GPS client is in proximity to the victim's phone.

What Sets Us Apart: The SCRAM Services Advantage

Not all service providers are alike. As a public safety-first organization, we go beyond the equipment to serve as a true community partner—empowering courts and agencies with customizable, end-to-end client services.

EXPERIENCE

One of the largest and most experienced SCRAM Systems service providers in the U.S., with full-service offices and Mobile Support Teams that ensure rapid service delivery and local access for every client.

RELIABILITY

A SCRAM Systems Preferred Partner—recognized for our operational excellence, the experience of our team, and our rigorous Quality Control and Assurance program.

SUPPORT

Unmatched court support with dedicated court liaisons and the most experienced court testimony team in the nation.

FLEXIBILITY

A responsive, flexible menu of services tailored to your program's changing needs.

COST SAVINGS

We reduce agency workload, streamline administration, and drive compliance—saving time and resources.

LOCAL

Local teams, local services. We are invested in the communities in which we live and work.

CLIENT-CENTRIC

We treat every client with dignity and support their success—because when they succeed, we succeed.
