

Your California Pre-Trial Monitoring Solutions Provider

Full Pre-Trial Program Services

Our team will help you evaluate and build your program plan, customized for your population and agency requirements.

Track Record of Impeccable Customer Service

Our Agency Partners can speak to SCRAM of California's focus on operational excellence and our commitment to superior customer service—to both our clients and the courts and agencies we support.

All the Tools You Need

Choose from one or a combination of our consolidated technology solutions to organize and manage your pre-trial population.

- Electronic Monitoring
- Continuous Alcohol Monitoring
- Remote Breath Monitoring
- Drug Testing
- Mobile Apps
- Case Management

As California legislation has evolved—and will continue to evolve—our SCRAM of California team has worked for nearly 15 years providing EM and substance use testing and monitoring solutions that meet the ever-changing requirements for California pre-trial monitoring. Our team includes a full complement of technology solutions, and 24 office locations plus Mobile Support Teams throughout the state to support the development, implementation, and day-to-day management of your pre-trial populations.

Contact our Pre-Trial Monitoring Team Lead, Danny Prokosch, for a free consultation to assess your program, technology, and staffing needs as we work to build safer communities.
