

SCRAM GPS®

The best tracking device meets the best reporting software

SCRAM GPS Maximizes Performance

Patented Strap Design

- Unique design virtually eliminates false open strap alerts and intermittent strap disruptions

SCRAM GPS Beacon

- Optional beacon maximizes performance
- Reduces communication and location alerts, extends battery life
- Ideal for clients in apartments or areas with limited cellular communication

On-Body Charger

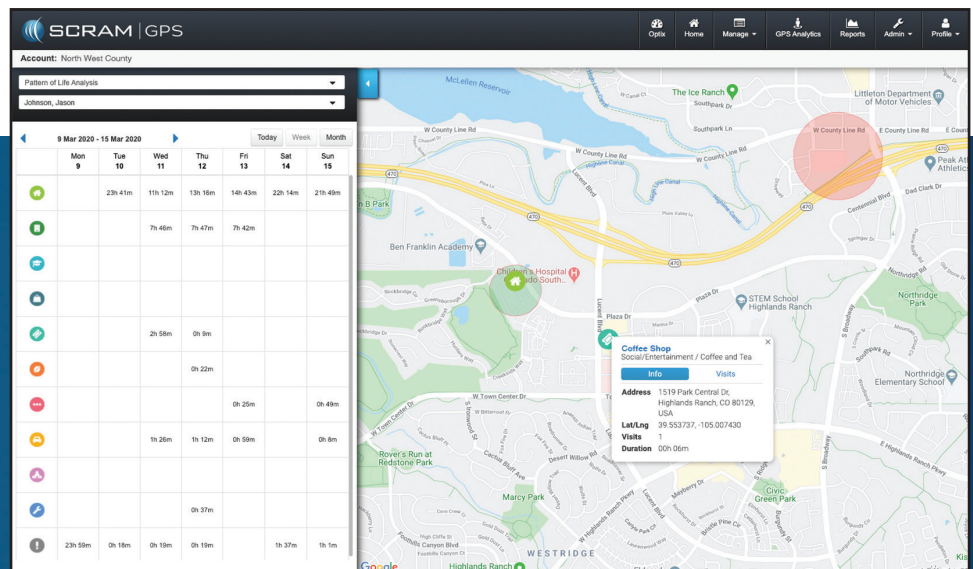

- Doubles SCRAM GPS battery life
- Charges on-the-go in approximately 2 hours

SCRAM GPS Key Features

- Unique strap design reduces alert workload
- 30-second, tool free installation
- Variable range and window leave settings
- On-Demand Pursuit Mode with GPS points every 15 seconds to aid in apprehension
- Long battery life minimizes low battery alerts
- On-board zone storage
- 2-Way client communication
- Industry-leading battery life even on the most aggressive rate plan

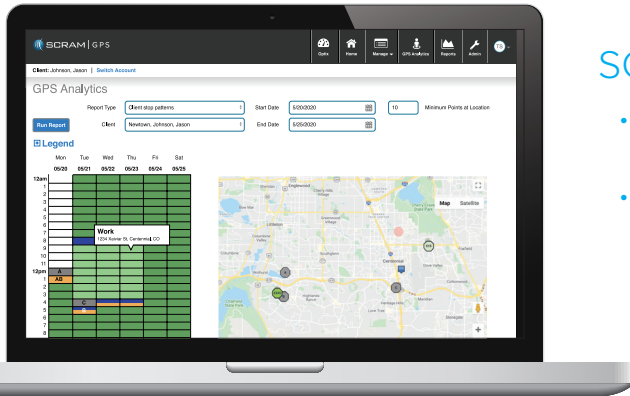

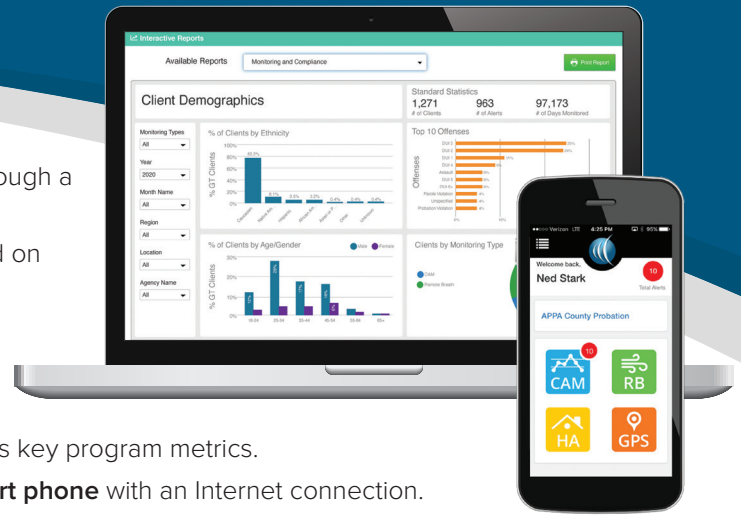

Pattern of Life Mapping With SCRAM GPS

Quickly identify a client's exact location and puts client movements into context with integrated Google Maps and Google Info windows.

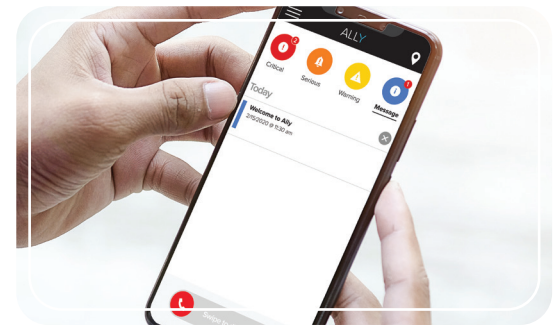

SCRAM Optix™

- **Manage all SCRAM Systems clients**, on every technology, through a single login on our integrated platform.
- **The dashboard automatically prioritizes your caseload** based on urgency status.
- **Easy, one-click access** to notes, mapping, alert actions, and client information.
- **Simplifies data management** of even the largest caseloads.
- **Integrated, simple, customized reporting** graphically illustrates key program metrics.
- **Data accessible on-the-go** from any computer, tablet, or smart phone with an Internet connection.

SCRAM GPS Analytics

- **Quickly make sense of thousands of data points** in order to visually see a client's travel patterns.
- **See specific locations visited by a client**, easily distinguish travel patterns, and identify unknown locations with integrated Google Maps.

SCRAM Ally™ Mobile App

Works in conjunction with SCRAM GPS to notify a victim and the supervising agents when a GPS client is in proximity to the victim's phone.

What Sets Us Apart: The SCRAM of California Difference

Not all service providers are alike. **SCRAM of California** is a public safety-first organization. With office locations and mobile support teams throughout California, Nevada, Arizona, Hawaii, and Idaho, we hold the designation of being a **SCRAM Systems Preferred Partner**, and we are the largest SCRAM Systems provider in the Western U.S. Our staff, our team, and the diversity of our technology offerings go above and beyond the industry standard. We partner with courts and agencies to maximize efficiencies and results while minimizing the time and resources spent on the administration of your program.

- ✓ Comprehensive offender case management
- ✓ 24/7 monitoring center operations **and** 24/7 customer and client support
- ✓ Full-service, customizable client-pay programs
- ✓ The most experienced court support team in the U.S.
- ✓ Unsurpassed product and program training—online, in-person, ongoing
- ✓ A dedicated court liaison for every program
- ✓ Inventory management
- ✓ Our Quality Assurance and Compliance Program

We operate 23 office locations plus mobile support teams throughout the state of California and the Western region.
